

# We've Moved!

New For 2012! The Conference has moved to the UCR University Extension Center located near the UC Riverside campus. See the other side of this flier for driving and parking directions.

## Purpose

This day-long conference is for professionals in the structural pest control industry. The latest research information and current applied information will be covered.

## Topics

What is the latest research on bed bugs? Why are they such a problem? How will pesticide water runoff issues affect you? Hear about the latest updates in rules and regulations. Listen to the latest research and low-impact approaches that can help you control urban pest ants, spiders, cockroaches and termites.

## Educational Credits

Expected credits being offered by the California Structural Pest Control Board, California Department of Pesticide Regulation are:

### SPCB

- Rules & Regs – 2.0 hrs
- IPM – 1 hr
- Either Branch 2 Technical – 3.25 hrs or Branch 3 Technical – 3.25 hrs (not both)

### CDPR

- Laws and Regs – 2.0 hrs
- Other – 4.0 hrs

Sign in at the credentials table with your license number in order to receive credits. A SPCB-required test will be given at the end of the conference for CEU credits.

Tuesday, March 20, 2012

### Morning Session – University Extension Center

- 7:15 Registration and Coffee (Courtyard)  
 8:00 Welcome:  
*Richard Redak, Chair, Department of Entomology, UC Riverside*  
 8:10 Presentation of the Karl Strom/ Western Exterminator Scholarship  
 8:20 Dr. Walter Ebeling remembered  
 8:30 Ebeling Memorial Lecture  
 The ABC's of Indoor Health: Allergens, Baits, Cockroaches – A Tribute to Dr. Walter Ebeling  
*Coby Schal, North Carolina State University*  
 9:30 Break  
 10:00 "Being Sure Reduced Risk Pesticides Stay That Way"  
*Robert Krieger, UC Riverside*  
 10:45 2012 Structural Regulatory Updates  
*Peggy Byerly, CDPR*  
 11:20 Recognition of Sponsors  
 11:45 Lunch

### Termite Session – M.K. Rust: Moderator

- 12:45 "Update on Drywood and Subterranean Termites"  
*Vernard Lewis, UC Berkeley*  
 1:15 "Fall Protection Per OSHA"  
*Fred Roza, Western Exterminator Company*  
 1:45 "Updating Control Technology for Desert Southwest Termites"  
*Paul Baker, University of Arizona*  
 2:15 Break  
 2:45 "Branch I and III Regulatory Issues"  
*Peggy Byerly, CDPR*  
 3:15 "Recent Developments in Drywood Termite Control"  
*Michael Rust, UC Riverside*  
 3:45 Tests and pick up certificates of attendance.

### General Pest Session – D.A. Reiersen: Moderator

- 12:45 "Bed Bug Issues – Relating to Clients"  
*Eric Payson, Lloyds Pest Control*  
 1:15 "Can We Smell Bedbugs? Exploring a Novel Detection Technique."  
*Dong-Hwan Choe, UC Riverside*  
 1:45 "University Update on Bedbug Monitors"  
*Vernard Lewis, UC Berkeley*  
 2:15 Break  
 2:45 "Rodent Control in Suburban Structures and Landscapes"  
*Robert Timm, UC Davis*  
 3:15 "Some New and Invasive Peridomestic Cockroaches in California"  
*Donald Reiersen, UC Riverside*  
 3:45 Tests and pick up certificates of attendance
